

Electrical Products

Everything concerning cables

«Bossard delivers everything concerning cables – upon request in the fully-automatic logistics system.»

EVERYTHING CONCERNING CABLES

Electrical products by Bossard

Ask the expert regarding special requirements in the areas of electrical engineering and machinery industry, power plants, as well as railway and tunnel engineering.

Comprehensive know-how

Bossard offers expertise regarding cable entry, cable connection technology, cable mounting, cable protection and much more. Benefit from technical consulting from our experts and a comprehensive range of innovative and high-quality solutions from our renowned brand partners.

Guaranteed security of supply

Bossard supports customers in the substantial reduction or even elimination of procurement costs along the entire supply chain. The logistics systems simplify procurement, lower warehousing costs, and prevent supply bottlenecks. Modern systems initiate purchase orders automatically at the correct point in time and in the correct quantity – logistics solutions Bossard's customers worldwide can trust.

Together we create

With a broad range of electrical products, Bossard covers the requirements of the electrical engineering and machinery industry, power plants, the chemical sector, railway and tunnel engineering as well as many other markets. Together with the mechanical fastening technology, we serve the market fully and comprehensively. Bossard offers everything from one source.

Cable glands

- Cable glands with metric thread
- Cable glands with PG/NPT thread
- Cable glands for hazardous areas
- Cable glands for the offshore area
- Sealing grommets
- Cable entry systems
- pressure balance elements

Contact parts

- Compression cable lugs and joints
- End sleeves
- Insulated solderless terminals
- Pin and female/male connection technology
- Crimping and pressing tools

Cable ties

- Cable ties from various materials
- Hook-and-loop ties
- Wing push cable ties
- Bead ties
- Labeling cable ties
- Assembly tools

Cable mountings

- Cable tie mounts
- Adhesive backed mounts
- Screw mounts
- Clamps, clips
- Flat cable mounts
- Diverse mounts

Industrial enclosures

- Enclosure systems for industrial applications
- Empty enclosures in ABS, PS and PC
- Empty enclosures in aluminum
- Customized enclosures
- DIN rails

Cable protection

- Corrugated tubing and accessories
- Braided sleeves
- Wiring duct
- Spiral wrapping band

Shrinking technology

- Heat shrink tubing on reels
- Heat shrink tubing, ratio 2:1, in boxes
- Heat shrink tubing, ratio 3:1, in boxes
- Heat shrink tubing, ready length of 1 meter

Cable identification

- Cable markers
- Labels
- Signs
- Manual markings
- Printers

Power elements

For the supply and distribution of high currents (up to 1000 amperes) on printed circuit boards.

- Power elements, fuse holders and relay sockets
- Press-fit or SMD technology
- Innovative PCB design and construction

STRONG PARTNERS

Our brand representations

Representations of renowned manufacturers ensure a comprehensive range of innovative and high-quality solutions.

PROVEN PRODUCTIVITY – A PROMISE TO OUR CUSTOMERS

The strategy for success

From years of cooperation with our customers we know what achieves proven and sustainable impact. We have identified what it takes to strengthen the competitiveness of our customers. Therefore we support our customers in three strategic core areas.

Firstly, when finding optimal **product solutions**, that is in the evaluation and use of the best fastening part for the particular function intended in our customers' products.

Secondly, from the moment in which our customers begin to develop a new product, our **application engineering** delivers the smartest solutions for all possible fastening challenges.

And thirdly, optimising our clients' productions in a smart and lean way with **Smart Factory Logistics**, our methodology, with intelligent logistics systems and tailor-made solutions.

Understood as a promise to our customers, "Proven Productivity" contains two elements: Firstly, that it demonstrably works. And secondly, that it sustainably and measurably improves the productivity and competitiveness of our customers.

And this for us is a philosophy which motivates us every day to always be one step ahead.
