- 3.1. The SB shall be composed of 8 to 14 members. The SB shall prepare a profile of its competences and desired composition. The SB shall evaluate the profile at least annually.
- 3.2. The composition of the SB shall be such that the combined experience, expertise, balance in gender representation, mix of nationalities and age structure of its members meet the profile attached as Annex A and enables the SB to best carry out its responsibilities and duties to the Company and all others involved in the Company (including its shareholders), consistent with applicable law and regulations (including the rules of any exchange on which the Company is listed). As regards the representation of men and women, nationalities and the diversity of skills, the SB shall publish in the universal registration document the objectives, methods and results of its policy on this matter.

3.3. In composing the SB, the following requirements must be observed:

- a) all of its members shall hold a fairly significant number of stapled shares for an equivalent amount (based on the value at the time of the acquisition of the stapled shares) at least equals to one year of gross (fixed & variable) remuneration perceived as SB member (i.e., excluding committee remuneration, and other additional remuneration and expenses) and, where possible, registered with the Company's share custodian¹;
- b) all of its members must be capable of assessing the broad outline of the Company's strategy, activities and the nature of its business;
- c) all of its members must match the profile attached as Annex A and, by way of their respective participation in the SB (upon (re-)appointment and thereafter), the SB as a whole must be composed in accordance with Article 3.2;
- d) at least half of its members must be independent within the meaning of Article 3.4; and
- e) terms of office are always renewable.

3.4. An SB member will be considered independent within the meaning of Article 3.3 (d) if he or she has no relationship of any kind whatsoever with the Company, its Group or the management of either that is such as to colour his or her judgment. The independence of an SB member is determined by a decision of the SB, upon the recommendation of the GNRC.

The criteria that the GNRC and the SB should examine in order to determine whether an SB member is independent and to help avoid the risk of a conflict of interest between the SB and the MB, the Company or its group, is as follows:

1. the SB member is not and has not been during the previous 5 years: (i) an employee or executive officer (*dirigeant mandataire social exécutif*) of the Company, (ii) an employee, executive officer or director of a company that the Company consolidates, or (iii) an employee, executive officer or director of its parent company or a company consolidated by this parent company;
2. the SB member is not an executive officer of a company in which the Company holds a directorship, directly or indirectly, or in which an employee appointed as such or a current or former (during the previous 5 years) executive officer of the Company is a director;
3. the SB member is none of the following (nor linked directly or indirectly to): a customer, supplier, investment banker or commercial banker, advisor - in each case: (i) which is material to the Company or its group, or (ii) for which the Company or its Group represents a significant part of the entity's activity. In considering the materiality, the SB shall examine, for both entities when possible, the financial relationship, the continuity in duration and intensity of the relationship and the position of the SB member in such company;
4. the SB member does not have any close family ties with a corporate officer (*mandataire social*) of the Company;
5. the SB member has not been an external auditor of the Company over the past 5 years;
6. the SB member has not been an SB member of the Company for more than 12 years;
7. the SB member has not received personal financial compensation from the Company including any variable compensation in cash or shares, or any compensation related to the performance of the Company other than the compensation received for the work performed as an SB member and in so far as this is in line with the normal course of business;
8. the SB member is not representing any major shareholder of the Company (>10%);
9. the SB member is not a member of the management board of a company, of which an MB member (that he/she supervises) is a supervisory board member (cross-ties); or

¹ The requirement must be satisfied within 2 years of their first date of nomination.

10. the SB member has not temporarily managed the Company during the preceding 12 months while MB members were absent or unable to fulfil their duties.

As for SB members representing the Company's significant shareholders or its parent company, they shall be considered independent as long as they do not in whole or in part control the Company; beyond a threshold of 10% of the share capital or voting rights, the SB acting upon a report from the GNRC, should examine individually each case in order to determine whether the given SB member may be considered independent or not, taking into account the composition of the Company's share capital and whether there exists potential for any conflicts of interest.

- 3.5. Each member of the SB shall be required to submit to the MB Chairman and the SB Chairman any information as may be required to comply with the regulations of the French *Autorité des marchés financiers* or other market regulator in a prospectus, universal registration document (*document d'enregistrement universel*) or other document as well as with the regulations of the AFM and Euronext Paris.
