

4.3. Statutory Auditors' Report on the Consolidated Financial Statements

This is a free translation into English of the statutory auditors' report on the consolidated financial statements issued in French and it is provided solely for the convenience of English-speaking users.

The statutory auditors' report includes information specifically required by French law in such reports, whether modified or not. This information is presented below the audit opinion on the consolidated financial statements and includes an explanatory paragraph discussing the auditors' assessments of certain significant accounting and auditing matters. These assessments were considered for the purpose of issuing an audit opinion on the consolidated financial statements taken as a whole and not to provide separate assurance on individual account balances, transactions or disclosures.

This report also includes information relating to the specific verification of information given in the group's management report.

This report should be read in conjunction with and construed in accordance with French law and professional auditing standards applicable in France.

Year ended December 31, 2016

To the Shareholders,

In compliance with the assignment entrusted to us by your annual general meeting, we hereby report to you, for the year ended December 31, 2016, on:

- ◆ the audit of the accompanying consolidated financial statements of Unibail-Rodamco SE;
- ◆ the justification of our assessments;
- ◆ the specific verification required by law.

These consolidated financial statements have been approved by the management board. Our role is to express an opinion on these consolidated financial statements based on our audit.

I. Opinion on the consolidated financial statements

We conducted our audit in accordance with professional standards applicable in France; those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit involves performing procedures, using sampling techniques or other methods of selection, to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made, as well as the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the consolidated financial statements give a true and fair view of the assets and liabilities and of the financial position of the group as at December 31, 2016 and of the results of its operations for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union.

II. Justification of our assessments

In accordance with the requirements of article L. 823-9 of the French Commercial Code (code de commerce) relating to the justification of our assessments, we bring to your attention the following matters:

- ◆ As stated in notes 5.1.1 and 5.3.1 to the consolidated financial statements, the real estate portfolio and intangible assets are subject to valuation procedures carried out by independent real estate appraisers. We ensured that the fair value of investment properties as stated in the consolidated statement of financial position and in note 5.1.2 to the consolidated financial statements was determined in accordance with the valuations carried out by the aforementioned appraisers. We have also assessed the appropriateness of the valuation process and of its implementation. Moreover, for investment properties under construction maintained at cost, as stated in note 5.1.3, for which the fair value could not be reliably determined, and for intangible assets, we have assessed the reasonableness of data and assumptions used by your company to carry out the impairment tests.
- ◆ As indicated in note 7.5.1 to the consolidated financial statements, your company uses derivatives to manage interest rate and exchange rate risks. These derivatives are recorded at fair value. We have assessed the reasonableness of the data and parameters used by your company to determine this fair value.

For those assessments we also ensured that appropriate information was disclosed in the notes.

These assessments were made as part of our audit of the consolidated financial statements taken as a whole, and therefore contributed to the opinion we formed which is expressed in the first part of this report.

Consolidated Financial Statements as at December 31, 2016

Statutory Auditors' Report on the Consolidated Financial Statements

III. Specific verification

As required by law we have also verified, in accordance with professional standards applicable in France, the information presented in the group's management report.

We have no matters to report as to its fair presentation and its consistency with the consolidated financial statements.
