

How To Add A New Pool System To An Existing User

This procedure applies only to existing users (i.e. you already have a login).

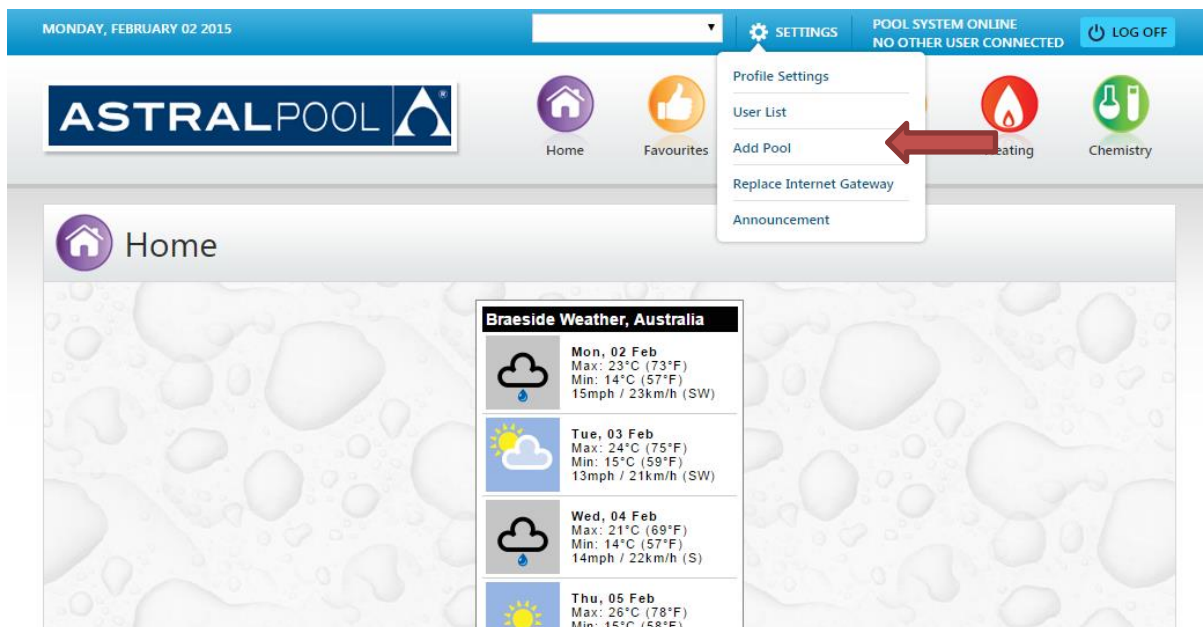

1. Using your computer, not tablet or phone, open a web browser and go to <http://www.connectmypool.com.au>
2. Log in as the person who is to be the owner of the new pool system.
3. Once logged in, you are taken to the Home page, shown below.

4. Move your mouse to the Settings menu and click to open the menu, as shown below.

5. Now click the Add Pool option.

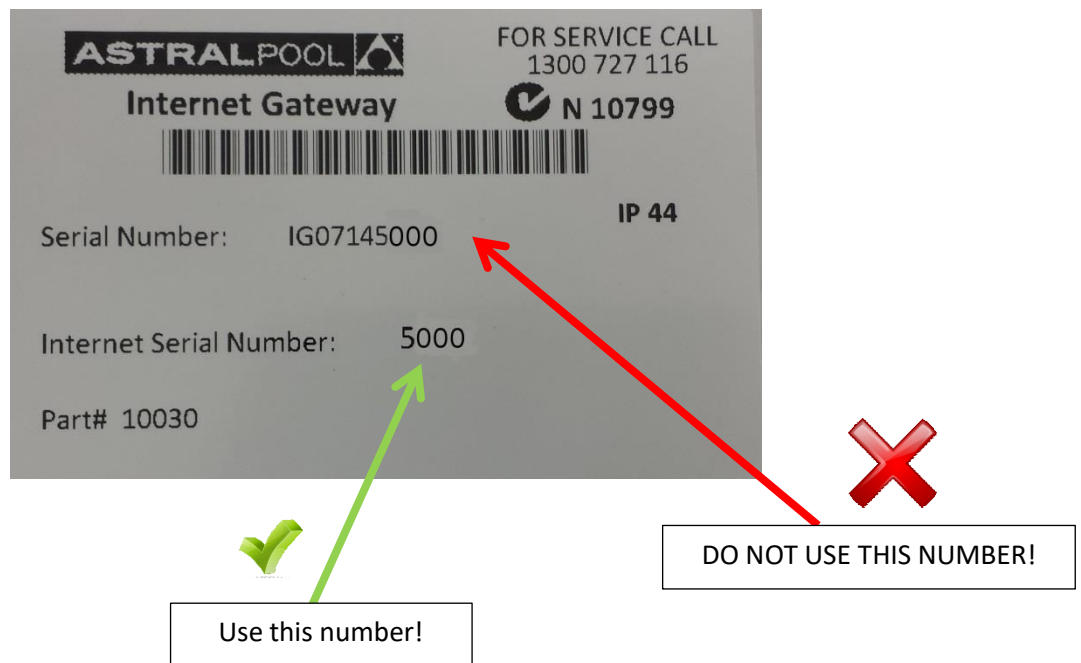

6. Having clicked Add Pool, you will be shown a form asking for the details of the new pool. This form is shown below.

The screenshot shows the 'Add Pool/Spa System' form. The form has a white background with a water droplet pattern. It contains the following fields:

- *Internet Gateway Serial Number : [Text input]
- *PassCode : [Text input]
- *Pool/Spa Name : [Text input]
- *Street Address : [Text input]
- *Country : [Dropdown menu with '--- Select ---']
- *State : [Dropdown menu]
- *City : [Text input]
- *Post Code : [Text input]

 At the bottom of the form are 'Submit' and 'Cancel' buttons. The footer of the page includes 'Terms of Use | Privacy Policy | Contact US | About us' and 'Copyright © 2013 Fabtronics Australia Pty Ltd | All Rights Reserved.'

7. Please fill in all sections of this form, taking note of the following:
 - a. The "Serial Number" is printed on the back of the Internet Gateway and also provided in the paperwork supplied with the device. Please be sure to use the "Internet Serial Number"; do not enter a serial number that looks like "IG07145000".

- b. The passcode is supplied in the paperwork provided with the device. Please retain the passcode in case you require it in the future.
 - c. The address of the pool system is used to provide weather information.
8. An example of a completed form is given below. Once the information has been entered, click the "Submit" button.
