DESIGNED & MADE**

XP-SERIES

POOL & SPA PUMP

High flow, high pressure performance

Improved hydraulic efficiency

Robust design with added rigidity

Large capacity basket reduces maintenance

Low noise level

XP POOL & SPA PUMP

The demands on pool equipment in modern pools like large in-ground pools, swim spas, swim jets, larger pool filters, salt-chlorinators and in floor cleaning systems place an enormous load on the pump.

STRONG & POWERFUL

The new XP series pumps are designed with high power and superior control to comfortably meet the increasing demand. With a durable exterior and high quality components the XP pumps command highest standards of reliability and durability.

SUPERIOR PERFORMANCE

Deliver higher head pressure and a superior overall performance the XP pump also moves more water, using less power in fewer hours per day. This means lower electricity costs. With a large capacity hair and lint pot the XP requires less frequent cleaning, making it ideal for holiday home and high leaf areas.

LOW NOISE LEVEL

In high density residential area, noise is a concern. The XP pump has been designed to run cooler with less fan noise which means reduced noise level.

WARRANTY

For warranty period, please refer to www.astralpool.com.au/warranty-information.
