# Spirit of Calvary

Being for others

## Everyone is welcome.

You matter. We care about you.

Your family, those who care for you, and the wider community we serve, matter.

Your dignity guides and shapes the care we offer you.

Your physical, emotional, spiritual, psychological and social needs are important to us.

We will listen to you and to those who care for you. We will involve you in your care.

We will deliver care tailored to your needs and goals.

Your wellbeing inspires us to learn and improve.

# Our Values

Our Values are visible in how we act and treat each other. We are stewards of the rich heritage of care and compassion of the Little Company of Mary. We are guided by these values:

## Hospitality

demonstrates our response to the desire to be welcomed, to feel wanted and to belong. It is our responsibility to extend hospitality to all who come into contact with our services by promoting connectedness, listening and responding openly.

## Healing

demonstrates our desire to respond to the whole person by caring for their spiritual, psychological and physical wellbeing. It is our responsibility to value and consider the whole person, and to promote healing through reconnecting, reconciling and building relationships.

## Stewardship

recognises that as individuals and as a community all we have has been given to us as a gift. It is our responsibility to manage these precious resources effectively now and for the future. We are responsible for striving for excellence, developing personal talents, material possessions, our environments and handing on the tradition of the Sisters of the Little Company of Mary.

## Respect

recognises the value and dignity of every person who is associated with our services. It is our responsibility to care for all with whom we come into contact, with justice and compassion no matter what the circumstances, and we are prepared to stand up for what we believe and challenge behaviour that is contrary to our values.

## Congratulations

In 2024, forty (40) nominations were received from the leadership teams across the five (5) Calvary jurisdictions. Heartfelt congratulations to everyone who was nominated, the seventeen (17) finalists, and the three (3) individual and team recipients of the 2024 National Mary Potter Award.

# What is the Mary Potter Award?

The National Mary Potter Award celebrates staff and volunteers who are exemplars of the Spirit of Calvary.

Venerable Mary Potter reminded us, "We have a power within us of doing good, of living our lives for God and the good of those around us."

Named for the foundress of the Sisters of the Little Company of Mary, the recipient/s of this annual national award embody the spirit, passion, drive and enthusiasm for the care and compassion of others ('being for others') that Venerable Mary Potter displayed in her commitment to the care of the sick, the dying and those in need.

### **What is the outcome or benefit?**

The organisation and the wider community understand what Calvary values above all else. Calvary recognises an individual and a team who embody the Spirit of Calvary in the manner of the Foundress of the Sisters of the Little Company of Mary.

The seventeen (17) regional and corporate finalists selected met the following selection criteria:

Consistently (not a single observation/behaviour/event) demonstrate sustained excellence and exceptional commitment to exemplifying the Spirit of Calvary in the way the values of Hospitality, Healing, Stewardship and Respect are lived and expressed in the service of 'being for others'.

In particular, nominators were asked to highlight how these behaviours went over and above the nominees' duties as per their position description. Nominators were also asked to provide evidence of the nominees' value-aligned behaviours across all values.

Many thanks, once again, to those who have taken the time to notice and acknowledge the outstanding achievement of their colleagues and the difference they make. It is a great discipline of leadership to notice and encourage the good in each other and one the Sisters consistently maintained as part of their mission with and for others.

# Home Care Tasmania Clinical Team

## Home Care Tasmania, TAS

The Tasmania Community Nursing Team has been servicing the community in Northern Tasmania for close to twenty years. The nurses are unassuming, compassionate and resilient in all that they do.

Most recently in the catastrophic storms that hit Tasmania, the nursing team whilst personally impacted by power outages, lack of tank water access, and entrapped on their properties due to fallen trees, continued to work and place the clients we serve front and centre of their priorities and actions.

The kindness, respect and gratitude towards clients, their families, each other and Calvary was noble.

Our Community nursing team prepared food, sourced hot water for our clients and found creative ways to present to work. The service continued uninterrupted, and the team worked above and beyond to offer our clients safety, reassurance and compassionate care across this period.

What stood out was their resilience and tenacity to continue their work in extreme climate conditions and the strength of the cohesion and respect between team members was palpable. Our clients received not only clinical care across this period, but psycho-social and emotional support, they were not alone.

Some members of the Home Care Tasmania Clinical Team appear within the image on the right as follows:

Hyson Green, Nottingham

Illustration of the drawing of the pear tree by Marie Angel, great-niece of Venerable Mary Potter.

Mary Potter and the early Sisters had a pear tree in the garden of the first convent of the Little Company of Mary (LCM) at Hyson Green in Nottingham, England. As the beautiful tree grew, so too did LCM. The first LCM Sisters sat under this pear tree to pray, to plan and to celebrate. From the wood of this tree a crucifix was crafted that now hangs in the LCM Heritage Centre in Nottingham.

For Calvary, the pear tree is a symbol of our commitment to continue the mission and vision of Mary Potter by being a source of hope, healing and nurturing to the people and communities we serve.
