keeping you safe

Providing a lifetime of care is our life's work.

At Calvary Huntly Suites we deliver the highest levels of clinical and residential care in a comforting and modern environment.

We have a stringent Covid-19 Outbreak Strategy and are committed to keeping our residents and staff safe. Each of our residents has access to a 24-hour emergency call system, so you can rest assured that someone is always on hand should you need support in your new home.

We offer a level of care that is personalised for each resident, including access to preferred GP and therapy plans tailored to meet everyday needs.

We are always seeking new ways to learn and to improve our services, quality standards and safety of care. We know well that working in partnership with our patients, residents and clients will help to ensure the best possible experience for all.

Compassion is at the heart of all we do.

Our goal?

To deliver excellent care, every day.

We are proud that the majority of the staff who work at Calvary Huntly Suites are Calvary employees. This allows us to build strong teams and provide a consistent standard of care.

All staff undergo a rigorous Calvary-led recruitment process and continue to be trained and educated on the job.

We follow the principle that happy staff means happy residents and we are united by our common goal to deliver exceptional care to our residents.

We are also united in our motivation for care—which is beautifully summed up in these heartfelt comments by one of our Clinical Coordinators:

“Trying to make a difference in our residents’ lives is my biggest motivation. It’s a great feeling to provide care with dignity and respect. It gives me peace of mind, and it gives that also to their families, knowing that their loved one is in good hands.”

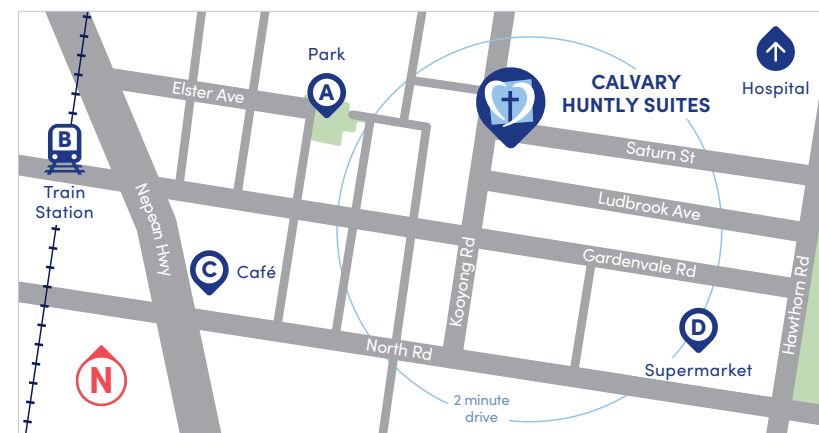

love where you live

Staying in or going out? Here, you will enjoy the best of both.

Calvary Kooyong precinct residents enjoy many services and amenities on site. The shops, cafes and amenities of Melbourne's inner south-east are within easy reach, and it's a short drive to Brighton beach. We plan regular outings and welcome visitors, with a carpark for their use.

At home you'll enjoy 24-hour care and every comfort in your own spacious suite —many offering a balcony and pleasing outlooks. Throughout the building there are lovely shared spaces for socialising, including catered, private dining rooms for special occasions.

Continuing the Mission of the Sisters of the Little Company of Mary.

It all started with six courageous sisters on a mission to care for those in need.

In an abandoned stocking factory in Nottingham, England, Venerable Mary Potter and the Sisters of the Little Company of Mary began their mission of caring for the sick and dying. Inspired by the women who stood steadfastly with Jesus as he died upon the cross at Calvary, six courageous Sisters

sailed into Sydney in 1885 where they immediately began to care for those in need. Thus began Calvary's enduring legacy of care in Australia. Today, we continue their mission in that same Spirit of Calvary in our hospitals, home and virtual care services, retirement living and residential aged care homes.
