

# War Risk service

Insurance and market leading intelligence support

*“In response to rising geopolitical tensions, Gard’s war risk service makes it easier for clients to mitigate risks in a fast-changing environment, thereby improving operational safety and preventing losses.”*

# War Risk service

Market leading monitoring, intelligence reports and claims handling

**01**  
Continuous monitoring of your fleet and hot spots around the world by experts with military backgrounds

**02**  
Immediate notification when insured vessel exposed to risk

**03**  
Monthly threat assessments

**04**  
Access to expert crisis management support

**05**  
Receive specialised war intelligence reports

**06**  
Market leading claims handling and casualty support

Gard war lead clients can benefit from a wide range of intelligence products delivered by the Norwegian Shipowner's Mutual War Risk Association (DNK) under our exclusive service agreement. DNK was established in 1935 for Norwegian shipowners and is a market leading provider of war risk products and intelligence.

## Monitoring and support

All vessels with Gard war lead will be continuously monitored by DNK's Intelligence & Operations Centre. The centre provides 24/7 intelligence and security incident management by staff with military backgrounds. Gard clients will also receive warnings when a vessel may be affected by an imminent security threat.

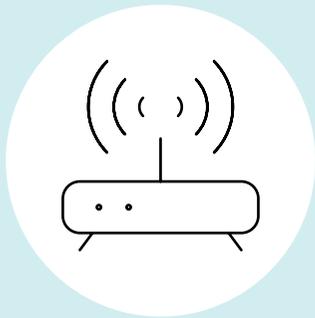

Gard clients will also receive DNK ad-hoc intelligence reports and monthly threat assessments, including additional intelligence reports produced should a war-like situation arise. Clients can also obtain tailored and exclusive intelligence reports upon request.

Additional expertise and support are also available in cases of crisis and war risk incidents.

This service supplements Gard's war risk portal, our digital portal providing automated breach detections and additional premium calculations to Gard's lead clients.

# War Risk service

The Gard War Risk insurance portal

**01**  
Always covered with automatic breach detection

**02**  
On-demand quotes and AP directly from the portal

**03**  
View your ongoing and completed war trips

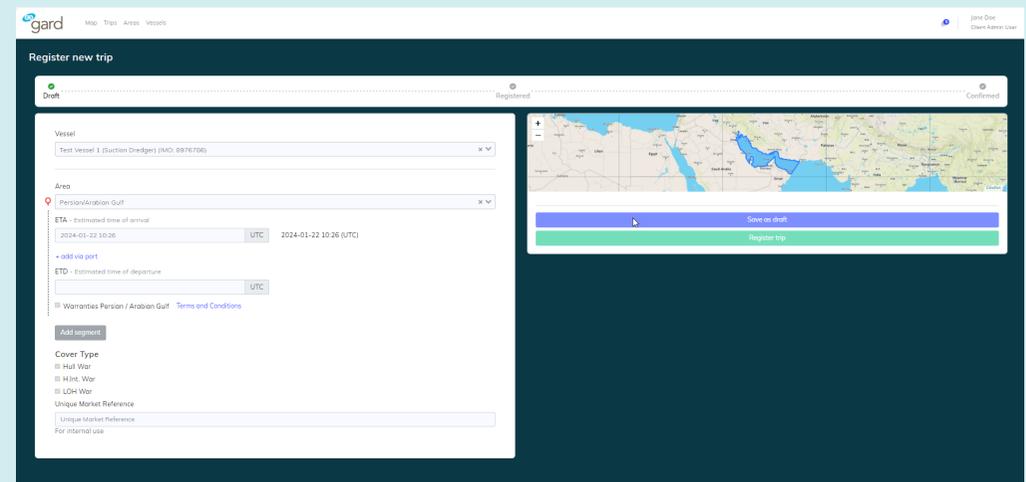

**04**  
View your war covered fleet location with interactive maps

The Gard War Risk Portal is a digital underwriting tool providing automated breach detections and additional premium calculations to Gard's war lead clients.

In the Gard War Risk Portal you can easily access your fleet details and take advantage of its benefits and use the portal to track your ship's AIS to ensure you always have the option of war cover when and where you need it.

Contact your **Gard underwriter** for further information and to sign-up.
