

Alois'
Nest

Our Programme

4th to 31st October 2026

BRENNERS PARK-HOTEL & SPA
BADEN-BADEN

Alois can not wait to see you!

Natur mobile

Sunday, 4th October, 10 a.m. – 4 p.m.

Nature's treasures are transformed into little works of art! Together, we'll collect beautiful natural materials and use them to create a unique mobile. Through play, the children will discover shapes, colours and the interplay of balance and movement. With creativity and joy, we'll create an enchanting decoration that will brighten up any child's bedroom.

A visit to the kitchen

Monday, 5th October, 10 a.m. – 1 p.m.

An exciting glimpse behind the scenes! The little chefs get to explore the Brenner kitchen and find out where their favourite dishes are freshly prepared. There's plenty of interesting things to see and experience along the way. To round off the experience, a sweet treat awaits the children in the patisserie.

Kneading beeswax

Monday, 12th October, 10 a.m. – 4 p.m.

Fragrant beeswax is used to create little works of art! The children use their hands to shape creative figures, pendants or other imaginative creations, all based on their own ideas. This pleasant material encourages exploration and creativity, and makes for a relaxing craft session. The children are, of course, allowed to take their finished works of art home with them.

Autumn crafts

Tuesday, 13th October, 10 a.m. – 4 p.m.

Autumn is full of colours and creative ideas! Together, we'll make beautiful autumn crafts using paper, felt and natural materials. With simple instructions and plenty of scope for imagination, we'll create unique pieces of art that the little artists can proudly take home with them.

Felting a snail shell

Friday, 23th October, 12 a.m. – 4 p.m.

Using soft, colourful wool, children can create imaginative snail shells full of colours and patterns. They learn the art of felting in a playful way whilst crafting their very own personal work of art. With plenty of imagination and a love of handicrafts, they create unique snail shells that make wonderful decorations or little gifts for family and friends.

Baking bread and making your own spreads

Saturday, 24th October, 10 a.m. – 4 p.m.

Today we'll be kneading, stirring and tasting together! The children will discover how fresh bread is made from simple ingredients, and will make their own delicious spreads to go with it. With plenty of fun baking and getting creative, we'll create a very special snack time. Best of all: at the end, the little bakers can, of course, enjoy their homemade treats together.

Potato print

Sunday, 25th October, 10 a.m. – 4p.m

Ordinary potatoes are transformed into creative stamp masterpieces! The children use homemade potato stamps to create colourful patterns and imaginative designs on paper. There are no limits to their creativity as they stamp, experiment and try out new ideas. This results in unique works of art and lots of fun as they create together.

Quark and oil dough hedgehog

Friday, 30th October, 12 a.m. – 4 p.m.

Today we're baking and getting creative! The children will shape cute little hedgehogs from a quark and oil dough, which will then be baked until golden brown. Afterwards, they can decorate these little works of art to their heart's content. Best of all, the children can take their homemade hedgehogs home with them at the end.

Making lanterns

Saturday, 31st October, 10 a.m. – 4 p.m.

Let the light shine on creative autumn adventures! The children design their own lanterns exactly as they imagine them and bring them to life with colours, patterns and little details. With plenty of imagination, they create unique works of art that brighten up the autumn and can be proudly displayed during a walk together.
