Insurance Proceeds

The amount of money paid by the insurer to the beneficiary (TBC Bank JSC) based on the insurance claim submitted in writing upon occurrence of an insured event. The insurer always pays insurance proceeds to the beneficiary within the insurance coverage limit (through a bank transfer).

Insurance proceeds are paid in national currency, at the official exchange rate set by the National Bank of Georgia as of the date on which the insurance proceeds are paid.

Insurance Coverage Limit and Insurance Procedure

The maximum insurance coverage – the sum total of insurance proceeds payable per borrower/co-borrower of any age, which amounts to 500,000 (five hundred thousand) USD or equivalent in GEL or EUR (depending on the loan currency). When an insured event occurs, the insurer will not pay more than the maximum insurance coverage, irrespective of the borrower's/co-borrower's outstanding credit liability at the moment (the sum total of the principal amounts on the borrower's/co-borrower's loans);

If at the disbursement of the loan, the borrower/co-borrower is from 18 to 65 years of age and the sum assured on the borrower's/co-borrower's total liabilities towards the Beneficiary under the credit life insurance granted to the borrower/co-borrower by the insurer is less than or equal to \$200,000 (two hundred thousand) or the equivalent in GEL or EUR (depending on the loan currency), the insurer will provide insurance to the borrower/co-borrower without requiring extra medical examinations as set out in Insurance Terms No. TBCLI/001/21.

If at the disbursement of the loan the borrower is from 18 to 65 years of age and the sum assured on the borrower's/co-borrower's total liabilities towards the Beneficiary under the credit life insurance granted to the borrower/co-borrower by the insurer is more than \$200,000 (two hundred thousand) or the equivalent in GEL or EUR (depending on the loan currency), the insurer will provide insurance to the borrower/co-borrower on the following terms and conditions: the borrower/co-borrower undertakes to fill out their statement of health and submit it to the insurer through the beneficiary. The insurer will assess the risk on an individual basis by considering the statement of health filled out by the borrower/co-borrower and determine the premium/terms and conditions. If the borrower/co-borrower refuses to fill out the statement of health or if the medical assessment of the risk cannot be provided, the borrower/co-borrower will be deemed insured according to the following terms and conditions:

Insured Risks and the Limits of Indemnity (Maximum Benefits):

- **Death by a natural cause:**

Covered only if the borrower's/co-borrower's age at the time of loan disbursement is no more than 65 years. - **Death due to an accident:**

If the borrower's/co-borrower's age at the time of loan disbursement is no more than 65 years, the maximum insurance benefit is 500,000.00 (five hundred thousand) USD or the equivalent in GEL or EUR, depending on the loan currency. This risk insurance applies through the age of 75 years, after which the insurance is deemed invalid.

If the borrower's/co-borrower's age at the time of loan disbursement is more than 65 years, the maximum insurance benefit is 50,000.00 (fifty thousand) USD or the equivalent in GEL or EUR, depending on the loan currency. This risk insurance applies through the age of 75 years, after which the insurance is deemed invalid.

- **Total permanent disability due to an accident:**

If the borrower's/co-borrower's age at the time of loan disbursement is 18-55 years, the maximum insurance benefit is 100,000.00 (one hundred thousand) USD or the equivalent in GEL or EUR (depending on the loan currency). This risk insurance applies through the age of 65 years.

When an insured event occurs, the amount of insurance benefit shall be determined as follows:

If the sum assured on the policyholder's/insured person's total liabilities towards the Beneficiary under credit life insurance granted to the borrower/co-borrower by the insurer does not exceed the limit of indemnity envisaged by this Policy for the given insured risk, the insurer will pay the full amount of coverage.

If the sum assured on the policyholder's/insured person's total liabilities towards the Beneficiary under credit life insurance granted to the borrower/co-borrower by the insurer exceeds the limit of indemnity envisaged by this Policy for the given insured risk, the insurer will pay no more than the applicable limit of indemnity.
